

Long Island Sound Public Input Meetings

Monday, **October 27**

2:00 – 4:00 pm

6:00 – 8:00 pm

Saybrook Point Pavilion, 150 College St., Old Saybrook, CT

Let us know what you think; provide your comments for the new *PLAN FOR LONG ISLAND SOUND*

For information and the draft plan, visit:

www.longislandsoundstudy.net/Planupdate

*Welcoming remarks
by Mark Tedesco,
Director of the EPA
Long Island Sound
Office*

Take part in the future of the Sound by participating in Long Island Sound Study's Update to the

Comprehensive Conservation and Management Plan

Residents will have the opportunity to provide comments and suggestions on the 20-year update to the CCMP, which is expected to be completed in early 2015. The updated CCMP will provide guidance for the Long Island Sound Study and its partners, including New York, Connecticut, and the Environmental Protection Agency, for restoration efforts over the next 20 years.
