Each Bidder shall fully inform himself prior to bidding as to existing conditions and limitations under which the work is to be performed and shall include in his bid a sum to cover the cost of items necessary to perform the work as set forth on the Bid Form. No allowance will be made to a Bidder because of lack of such examination or knowledge. The submission of a bid will be considered as conclusive evidence that the Bidder has made such examination.

The Town assumes no responsibility whatsoever with respect to ascertaining for the Contractor such facts concerning physical characteristics at the site of the project. ### Disqualification of Bidders

Reasonable grounds for believing that any Bidder is interested in more than one proposal for the work contemplated will cause the rejection of all proposals in which such Bidder is interested. Any or all proposals in which such Bidder is interested will be rejected if there is reason for believing that collusion exists among the Bidders; and all participants in such collusion will not be considered in future proposals for the same work. Proposals in which the prices are obviously unbalanced may be rejected. No Contract will be awarded except to a competent Bidder capable of performing the class of work contemplated.

### Preparation of Proposals

The Bidder must state, both in words and in numerals, written or printed in ink, the price for which he proposes to do the work contemplated. In case of discrepancy between the words and the numerals, the words shall govern. Ditto marks are not considered writing or printing and shall not be used. The Bidder shall sign his Proposal correctly. If an individual makes the Proposal, his name and post office address must be shown. If made by a firm, partnership, or corporation, the Proposal must be signed by an official of the firm, partnership, or corporation authorized to sign contracts, and must show the post office address of the firm, partnership, or corporation.

Each bid must be submitted in a sealed envelope bearing on the outside the name of the Bidder, the Bidder's address, and name of the project for which the bid is submitted. If forwarded by mail, the sealed

envelope containing the bid must be enclosed in another envelope addressed to: First Selectman, Durham Town Hall, P.O. Box 428, Durham, CT 06422.

#### Irregular Proposals

The Town reserves the right to reject any proposals if they show any omission, alteration of form, additions not called for, conditional bids, or irregularities of any kind.

#### Withdrawal of Proposals

If a Bidder wishes to withdraw his Proposal, he may do so before the time fixed for the opening of bids by communicating his purpose to the Durham First Selectman. Upon such notice, the Proposal will be made available unopened to the Bidder at the Durham First Selectman's Office.

Subject to that limit per accident or occurrence, the policy shall provide at total or aggregate coverage of \$2,000,000 for all damages during the policy period.

Automobile Liability Insurance: The operation of all motor vehicles, including those hired or borrowed, used in connection with the project, shall be covered by Automobile Liability Insurance. The insurance shall provide coverage for accident or occurrence in the amount of \$1,000,000 combined single limit, for all damages resulting from (1) bodily injury to or death of persons and/or (2) injury to or destruction of property.

Excess Umbrella Liability Insurance: The Contractor shall maintain during the Term of the Agreement Excess Umbrella Liability Insurance of not less than \$3,000,000. This coverage shall be primary and non-contributory.

Termination or change of Insurance: Each insurance policy shall be endorsed to provide that the insurance company shall notify the Town by certified mail at least thirty (30) days in advance of termination, or any change in the policy. No such change shall be made without prior written approval of the First Selectman.

Claims: Each insurance policy shall state that the insurance company shall agree to investigate and defend the Town against all damages, even if groundless.

Compensation: There shall be no direct compensation allowed the Proposer on account of any premium or other change necessary to take out and keep in effect all insurance or bonds, but the cost thereof shall be considered included in the general cost of the work.

#### Hold Harmless & Indemnification

**The Town does not waive their right to subrogation.** The contractor, all subcontractors and suppliers shall at all times indemnify and hold harmless the Town, their officers, agents, and/or employees against any and all claims, demands, damages, losses, judgments, costs, workers' compensation payments, litigation expenses and counsel fees arising out of injuries to the person (including death), damage to the property, or any damages resulting from breach of contract that alleged to have been sustained.

The existence of insurance shall in no way limit the scope of this indemnification. The contractor further undertakes to reimburse the Town for damages to the property caused by the contractor, or his employees, agents, subcontractors or material men or by faulty, defective or unsuitable material or equipment used by him or them.

#### Sales Tax

Certain materials and supplies incorporated in the work of this project are exempt from Connecticut Sales Tax. The Bidder shall familiarize himself with current regulations of the State Tax Department. The tax on materials or supplies exempted by such regulations shall not be included as part of the bid. Upon request, the Owner will furnish the successful Bidder a sales tax exemption letter.

#### Collusion

By offering a submission to this RFP the proposer certifies the proposer has not divulged to, discussed or compared his proposal with other proposers and has not colluded with any other proposer or parties to this proposal whatsoever. Complete Appendix A and submit with proposal.

#### Compliance with Federal and State Regulations

The Contractor shall be responsible for full compliance with any Federal and/or State laws, regulations and standards, as applicable to any project fully or partially funded by State and/or Federal funding agency.
