

Department of Public Safety
Division of Fire, Emergency & Building Services
Office of State Fire Marshal

STATE OF CONNECTICUT

On April 30, 2021 the Durham Office of the Fire Marshal conducted an inspection of Gastler Farm on 159 Middlefield Road in the Town of Middlefield to determine the degree of compliance with the fire safety requirements of Connecticut General Statutes Chapter 541 as authorized by Section 29-305 of the statutes. This facility was evaluated as New Assembly occupancy (under 50) as classified by the CONNECTICUT FIRE SAFETY CODE. As a result of this inspection, the following conditions were found:

The following items were noticed at time of inspection below:

In substantial compliance at time of inspection

- I. At the time of inspection, no code violations were identified. **Certificate of approval recommended.**
- II. At the time of inspection, conditions were discovered to be contrary to the minimum requirements of these codes. An acceptable plan of correction is to be submitted
- III. At the time of inspection, conditions were discovered to be contrary to the minimum requirements of these codes. No approved plan of correction was submitted. *(See attached information)* **Certificate of approval NOT recommended.**
- IV. Based on the extreme hazard to public safety discovered at the time of this inspection, this office is currently seeking an injunction from the court through our Town/City Attorney for the purpose of closing or restricting usage of this facility by the public. *(See attached information)* **Certificate of approval NOT recommended.**
